Introduction

J&K (Jammu & Kashmir) is the northern most State of India offer boundless investment opportunities to the prospective Investors, as the State has rich resources of Water, Agro, Forests, Herbal and Minerals in addition to its unparallel natural beauty and hence tremendous potential for investment in tourism sector. Jammu and Kashmir mostly has manufacturing industries, small-scale industries, cottage industries etc. There are industries in almost all parts of Jammu and Kashmir but some areas have been marked as primarily and significantly industrial areas.

The Jammu and Kashmir State is heavily dependent on its tourism industry. The government is aware of the fact and they are trying to build an industrial atmosphere in the state. They have invited leading industrial houses of the country. However, the state is not in a very good condition as it has faced severe terrorism threats and insurgencies. The people of the state need jobs and since the industrial process is time taking, only Small Scale Industries of Jammu and Kashmir can help.

Kashmir known as the heaven on earth offers tremendous opportunities to the local youth who aspire to become entrepreneurs.

Jammu and Kashmir, known for its beauty has taken a swoop into the Startup world. There are many startups that are coming up and proving their gallantry, in spite of knowing, the unfavorable business conditions in the state. Kashmir is famous for its food items, tea & spices, dry fruits & vegetables, handicrafts etc.

Some of the most important industries of Jammu and Kashmir are: Silk Textile, Carpet-Making and Woolen Textile, Forest-based Industries, Agro-based Industries, Papier Mache, Cement Industry, Industrial Complexes. Silk textile is one of the most ancient industries of Jammu and Kashmir state. Kashmiri silk-goods are renowned the world over for their quality, colour and shades.

Kashmir known as the heaven on earth offers tremendous opportunities to the local youth who aspire to become entrepreneurs.

Jammu and Kashmir, known for its beauty has taken a swoop into the Startup world. There are many startups that are coming up and proving their gallantry, in spite of knowing, the unfavorable business conditions in the state. Kashmir is famous for its food items, tea & spices, dry fruits & vegetables, handicrafts etc.

Project Opportunities in Jammu & Kashmir:

□ Agriculture & Horticulture

Paddy, wheat and maize are the major crops of Jammu & Kashmir. Barley, bajra and jowar are cultivated in few parts. Gram is grown in Ladakh. The horticulture industry in Kashmir has become the safeguard of rural economy in the State, providing job facilities to the thousands of people directly and indirectly. The major horticulture items are apple, pear, cherry, walnut, almond, peaches, saffron, apricot, strawberry and plum. About 80 per cent population of the State depends on agriculture.

□ Handicraft

Handicraft is the traditional industry of the State and has been of crucial importance given its large employment and export potential. Some of the items of industry are papier-mache, woodcarving, carpets, shawl making, embroidery etc. The handicrafts industry, particularly the carpet industry, has been a source of substantial foreign exchange. It provides employment to about 3.40 lakh artisans. The number of industrial units has also gone up. Jammu has Urban Haats, while a similar Haat is being commissioned in Srinagar.

□ Livestock

In Jammu and Kashmir, animal husbandry plays a significant role as 0.13 per cent of gross domestic product (GDP) of the state is contributed by this sector. The state has a precious wealth of livestock in form of cattle-buffalo, sheep, goats, poultry, etc. The cattle and poultry amongst all the livestock are considered the most important tool for the development of the rural economy. The production of pashmina shawls and other animal products like carpets, shawls and blankets of Kashmir earn handsome foreign exchange for the nation.

□ Tourism

Jammu and Kashmir is known as crown of India, adheres varieties of cultural, religious spots, adventure and sightseeing activities. It is famous for its towering snow clad mountains, bubbling streams, transparent and sparkling lakes, flower meadows, colourful orchards and rare fauna. All such features of Jammu and Kashmir have always attracted numerous tourists from all over the world. Tourism has emerged as an important and one of the major contributors to the State's economy.

❑ Sericulture

Kashmir has been famous for its silk production since ancient past. Rajtrangni of Kalhana, Mahabharata and Ramayana establish that the sericulture was being practised in Kashmir from times immemorial. Jammu and Kashmir produces the best quality Bivoltine Mulberry silk in the country due to its longer length better strength and shine mainly because of conducive climatic conditions. However out of total production of cocoons every year only 20-25% is being consumed within the State and the rest is exported.

❑ Fisheries

The State of J&K has a unique topography which divides the State in to 3 distinct agro climatic zones viz. the tropical Jammu Division, the temperate Kashmir Valley and the cold arid zone of Ladakh. The State is bestowed with the natural water resources spread over an area of about 0.40 lacs hectares existing in the shape of cold water torrential streams, Lakes, Rivers, Sars, springs, Reservoirs besides about 250 high altitude Lakes.

❑ Waste Management and Recycling

SMC has introduced dumpers replacing open collection sites in many areas but the dumpers are not colour-coded and no segregation of waste is carried out at source. Total waste generated is about 375 MT/day (within SMC limits). House-to-House collection of municipal solid waste is being undertaken in 25% of households in Srinagar city through Srinagar Municipal Corporation and some Non-Governmental Organizations (NGOs).

Reasons for buying our report:

- **The report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- **The report provides vital information on the product like it's characteristics and segmentation**
- **The report helps you market and place the product correctly by identifying the target customer group of the product**

- **The report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- **The report provides a glimpse of government regulations applicable on the industry**
- **The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions**

Our Approach:

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**
