Telangana was separated from Andhra Pradesh as a new 29th state of India, with the city of Hyderabad as its capital. Hyderabad will continue to serve as the joint capital city for Andhra Pradesh and Telangana for a period of not more than ten years. Telangana region has rich natural resources. About 45 per cent of the forest area in Andhra Pradesh state is in Telangana region while 20 per cent of the country's coal deposits in the country are also found here. Telangana is also rich in limestone deposits that cater to cement factories. Telangana has other mineral resources like bauxite and mica.

Telangana region is sitting on potential oil and natural gas reserves, according to a report by Director General of Hydrocarbons (DGH). The Telangana economy is mainly driven by agriculture. The manufacturing and service industry include automobiles and auto components industry, spices, mines and minerals, textiles and apparels, pharmaceutical, horticulture, poultry farming, information technology and software industry. The capital city Hyderabad is a hub for information technology (IT) and pharmaceutical sectors.

Project Opportunities in Telangana:

○ Agriculture

Rice is the major food crop and staple food of the state. Other important crops are tobacco, mango, cotton and sugar cane. Agriculture has been the chief source of income for the state's economy. Important rivers of India are the Godavari, Krishna flow through the state, providing irrigation. Telangana agriculture department separated from Andhra Pradesh as part of Andhra Pradesh bifurcation it aims promote agricultural trade and to boost up the agricultural production and productivity in the telangana.

○ **Tourism**

Telangana State Tourism Development Corporation (TSTDC) is a state government agency which promotes Tourism in Telangana. Telangana has a variety of tourist attractions including historical places, monuments, forts, water falls, forests and temples. Charminar, Golconda Fort, QutbShahi Tombs, Chowmahalla Palace, Falaknuma Palace and Bhongir Fort, are some of the monuments in the state.

○ Demographic

Telangana with a population of 351.9 lakhs (according to the 2011 census) accounts for about 3.6% percent of the total population of India. Out of this, 177.0 lakhs (50.2%) are males and 174.9 lakhs (49.8%) are females. The sex ratio of the state is 988 as against the national figure of 943. The population density in the state is 307 persons/Sq.Km. In 2012-13, the services sector at Rs. 1, 14,046 crores, contributed 58.1% to the GSDP (at constant prices). It is followed by industry sector, contributing 27.9% (Rs. 54,687 crores) and the agriculture sector's contribution of 14% (Rs. 27,450 crores).

○ **Food and Industrial Processing**

The Telangana government plans to put greater emphasis on value-addition in the farm sector in its industrial policy. The departments of industry and commerce, agriculture and agro marketing would coordinate together to achieve value maximization for farmers. The government is also keen on encouraging e-marketing activities, which involves networking all agriculture mandis in the state so that farmers get access to prevailing prices across important markets and thereby helping them unlock the right value for their produce.

Niir Project Consultancy Services (NPCS) can provide Detailed Project Report on Required Project

Best Profitable Manufacturing &
Processing Business Ideas in
Telangana, India to Start.
Small and Medium Projects.

Few Suggested Projects for Startups:

➤ **Precipitated Silica from Rice Husk Ash**

Precipitated silica (also called particulate silica) is compound of aggregates of ultimate particles of colloidal size that have not become linked in massive gel network during the preparation process.....[Read more](#)

➤ **Rice Bran Oil**

Rice bran oil is an important oil in soap industry. It is obtained from heat treatment of the fresh bran. Rice bran contain about 18-20% of oil other constituents are oleic Acid 40-50% and 29-42% saturated acid.....[Read more](#)

In modern tobacco farming, Nicotiana seeds are scattered onto the surface of the soil, as their germination is activated by light, then covered in cold frames. In the Colony of Virginia, seedbeds were fertilized with wood ash or animal manure (frequently powdered horse manure).....[Read more](#)

➤ Disposable Plastic Cups, Plates & Glasses

The plastic industry in India plays a very important and key role in Industrializations. A wide spectrum of plastics and articles manufactured by the industry has touched the life of every Indian in many ways through consumer plastics. The disposable plastic cups are manufactured by thermoforming technique.....[Read more](#)

➤ **E-Waste Recycling Plant**

Electronic waste, e-waste, e-scrap, or Waste Electrical and Electronic Equipment (WEEE) is a loose category of surplus, obsolete, broken, or discarded electrical or electronic devices.....[Read more](#)

➤ **Peanut Butter**

Peanut butter is not butter but butter like product made from ground nut or peanut. It consists essentially of cleaned, graded, blanched, roasted and crushed groundnuts containing about 45 percent of oil and over 25 percent of proteins, being thus a highly nutritive food.....[Read more](#)

➤ **LED Light Assembling**

A light emitting diode (LED) is a device which converts electrical energy in to light. LEDs are preferred light sources for short distance (local area) optical fiber network because they are inexpensive, robust and have long life (the long life of an LED is primarily due to its being a cold device, i.e. its operating temperature being much lower than that of, say, an incandescent lamp), can be modulated (i.e. switched on and off) at high speeds....[Read more](#)

➤ **Coal Mining**

Coal is an extremely heterogeneous, complex material that is difficult to characterize. Coal is a rock formed by geological process and is composed of a number of distinct organic entities (macerals) and lesser amounts of inorganic substances (minerals).....[Read more](#)

➤ **Coal Washing Unit**

Coal washing unit is one of the most important unit for upgradation of coal in sense of fed value by reducing of ash contents in the coal. It is basically associated with seive position to get the quality coal.....[Read more](#)

➤ **Poultry Farming**

Poultry farming has occupied an important place in the Indian economy. With the fast food culture an accepted feature, poultry farming is playing a greater role in the eatery business in India.....[Read more](#)

➤ Disposable Paper Plate

Disposable cutlery and containers are products that are a part of our day to day life. Disposable items like cups, plates, saucers are being increasingly used. Such disposables items are made with easily degradable materials which are manmade products like paper from wood pulp, biomass etc.....[Read more](#)

➤ **Pharmaceutical Industry**

The progress of the pharmaceutical industry in India has been hampered by price and other controls. India's pharmaceutical industry has made rapid progress in recent years. India is one of the world's largest drug markets.....[Read more](#)

➤ Spices

Spices industry has been a trump card in the hands of India since centuries. It was spice trading which encouraged East India Company to come to India and it is the spice trade which is now making India's export trade grow every year.....[Read more](#)

➤ **Multigrain Atta using Super Food Grains-Atta (Flour) with Nine Super Whole Grains- Specialty Flour Mix (Natural Anti-Aging Flour for Boosting Metabolism, Energy & Power useful for Diabetes, Blood-Pressure, Arthritis, Heart-Patients)**

With the changing lifestyles and food habits, many people are becoming prone to diabetes. The super food grain atta is an intervention for the prevention and management of diabetes....[Read more](#)

➤ **Baby Diaper & Sanitary Napkin**

A diaper or nappy is a kind of underwear that allows one to defecate or urinate in a discreet manner. When diapers become soiled, they require changing; this process is often performed by a second person such as a parent or caregiver.....[Read more](#)

➤ Mosquito Repellent Liquidator

There are some essential oils which have property to repellant of mosquito. Mosquitoes cannot bear the flavour of essential oil though they do not die but they run away. Raw material required for manufacturing of essential oils are easily available in the market.....[Read more](#)

➤ Paper Napkins, Toilet Roll & Facial Paper from Tissue Paper Rolls

Hygiene is an essential component of healthy living, integral to achieving health and preventing disease. Not just selecting the right food choices but also cooking & consuming them in a hygienic way is equally important in preventing the infectious diseases.....[Read more](#)

➤ **Macaroni, Vermicelli, Noodles and Instant Noodles with Tastemaker**

Extrusion-technology is gaining increasing popularity in the global agro-food processing industry, particularly in the food and feed sectors. Extrusion cooking technologies are used for cereal and protein processing in food....[Read more](#)

➤ **Electric Motors**

The extensive utilization of many types of constructional variants of electric motors in industry, commerce and the home would make a comprehensive guide for their selection, application and maintenance runs into many pages.....[Read more](#)

➤ **Solar Panel Assembling & Solar Power Inverter on Grid, Off Grid with Solar Pump Controller**

A solar cell, sometimes called a photovoltaic cell, is a device that converts light energy into electrical energy. Solar panels generate free power from the sun by converting sunlight to electricity with no moving parts, zero emissions, and no maintenance.....[Read more](#)

➤ **Thermocole (EPS) Cup, Glass & Plates**

Thermocole or expanded polystyrene as the name suggests, is polystyrene expanded to more than two times the volume of polystyrene. Polystyrene foam is an excellent packaging material because of combination of various properties such as lightness, rigidity, shock absorption, thermal insulation, resistance to moisture, snow white colour etc.....[Read more](#)

➤ **Goat Rearing & Breeding**

Goats, one of the world's smallest domesticated livestock, have been actively managed for food and fiber earlier and longer than cattle and sheep. India possesses the largest goat population and ranks first in the world.....[Read more](#)

➤ Cold Storage

India is the largest producer of fruits and second largest producer of vegetables in the world. In spite of that per capita availability of fruits and vegetables is quite low because of post-harvest losses which account for about 25% to 30% of production.....[Read more](#)

➤ I.V. Fluids

Intravenous fluids are fluids which are intended to be administered to a patient intravenously, directly through the circulatory system. These fluids must be sterile to protect patients from injury, and there are a number of different types available for use.....[Read more](#)

- 26. What are the Market Opportunities for setting up the plant?**
- 27. What is the Market Study and Assessment for setting up the plant?**
- 28. What is the Plant Layout for setting up the plant?**

Reasons for Buying Our Report:

- **The report helps you to identify a profitable project for investing or diversifying into by throwing light to crucial areas like industry size, market potential of the product and reasons for investing in the product**
- **The report provides vital information on the product like it's characteristics and segmentation**
- **The report helps you market and place the product correctly by identifying the target customer group of the product**

- **The report helps you understand the viability of the project by disclosing details like machinery required, project costs and snapshot of other project financials**
- **The report provides a glimpse of government regulations applicable on the industry**
- **The report provides forecasts of key parameters which helps to anticipate the industry performance and make sound business decisions**

Our Approach:

- **Our research reports broadly cover Indian markets, present analysis, outlook and forecast for a period of five years.**
- **The market forecasts are developed on the basis of secondary research and are cross-validated through interactions with the industry players**
- **We use reliable sources of information and databases. And information from such sources is processed by us and included in the report**

Free Instant Online Project Identification and Selection Service

Our Team has simplified the process for you by providing a "Free Instant Online Project Identification & Selection" search facility to identify projects based on multiple search parameters related to project costs namely: Plant & Machinery Cost, Total Capital Investment, Cost of the project, Rate of Return% (ROR) and Break Even Point % (BEP). You can sort the projects on the basis of mentioned pointers and identify a suitable project matching your investment requisites.....[Read more](#)

▪ Detailed Project Reports

NPCS is manned by engineers, planners, specialists, financial experts, economic analysts and design specialists with extensive experience in the related industries.

Our Market Survey cum Detailed Techno Economic Feasibility Report provides an insight of market in India. The report assesses the market sizing and growth of the Industry. While expanding a current business or while venturing into new business, entrepreneurs are often faced with the dilemma of zeroing in on a suitable product/line.

And before diversifying/venturing into any product, they wish to study the following aspects of the identified product:

- **Good Present/Future Demand**
- **Export-Import Market Potential**
- **Raw Material & Manpower Availability**
- **Project Costs and Payback Period**

The detailed project report covers all aspect of business, from analyzing the market, confirming availability of various necessities such as Manufacturing Plant, Detailed Project Report, Profile, Business Plan, Industry Trends, Market Research, Survey, Manufacturing Process, Machinery, Raw Materials, Feasibility Study, Investment Opportunities, Cost and Revenue, Plant Economics, Production Schedule,

Working Capital Requirement, uses and applications, Plant Layout, Project Financials, Process Flow Sheet, Cost of Project, Projected Balance Sheets, Profitability Ratios, Break Even Analysis. The DPR (Detailed Project Report) is formulated by highly accomplished and experienced consultants and the market research and analysis are supported by a panel of experts and digitalized data bank.

We at NPCS, through our reliable expertise in the project consultancy and market research field, have demystified the situation by putting forward the emerging business opportunity in India along with its business prospects.....[Read more](#)

Niir PROJECT CONSULTANCY SERVICES

An ISO 9001:2015 Company

Who are We?

- *One of the leading reliable names in industrial world for providing the most comprehensive technical consulting services*
- *We adopt a systematic approach to provide the strong fundamental support needed for the effective delivery of services to our Clients' in India & abroad*

What do We Offer?

- *Project Identification*
- *Detailed Project Reports/Pre-feasibility Reports*
- *Business Plan*
- *Market Research Reports*
- *Technology Books and Directory*
- *Industry Trend*
- *Databases on CD-ROM*
- *Laboratory Testing Services*
- *Turnkey Project Consultancy/Solutions*
- *Entrepreneur India (An Industrial Monthly Journal)*

How are We Different ?

- *We have two decades long experience in project consultancy and market research field*
- *We empower our customers with the prerequisite know-how to take sound business decisions*
- *We help catalyze business growth by providing distinctive and profound market analysis*
- *We serve a wide array of customers , from individual entrepreneurs to Corporations and Foreign Investors*
- *We use authentic & reliable sources to ensure business precision*

Our Approach

Requirement collection

Thorough analysis of the project

Economic feasibility study of the Project

Market potential survey/research

Report Compilation
