Small business ideas

Introduction

Small scale industries (SSIs) also known as MSMEs are defined & categorized by the Micro, Small & Medium Enterprises Development Act, 2006. The act categorizes different scale of industries on the basis of investment in plant & machinery in case of manufacturing industries and on the basis of investment in equipment in case of service sector industries.

Small manufacturing business can be started at home or at a small rental premise. The cost of machinery or equipment's required for starting small manufacturing business is very low.

The Small Scale Industries play an important role in Indian economy in spite of facing numerous difficulties. The Government of India has taken certain measures for the development of cottage and small scale industries.
